CHAPTER-III

AGRICULTURE

Due to peculiar geo-physical characteristics of the district, Agriculture remains only main source of livelihood of rural population, which constitutes 95% of the total population of the District. The statistical data contained in this chapter relates to land use pattern, area under different crops, size of Agriculture operational holdings, off take fertilizer and cropping pattern etc.

CHAPTER - IV

HORTICULTURE.

Horticulture plays an important role in the economic development of the state, as its contribution towards the state domestic product is enormous. In view of the importance gained by this sector of the economy, the Government has launched different schemes / programmes for the development of Horticulture under these programmes apart from bringing more area under fruit cultivation, emphasis are being laid to produce quality plant material for distribution amongst the prospective growers, besides technical guidance is provided to the farmers to produce more fruits of good quality. Further plant protection measures are suggested to orchardists for protection of their plants from numerous diseases / pests.

CHAPTER-VI

LIVESTOCK AND VETERINARY.

Livestock rearing is an important occupation of the rural population in general and migratory population in particular who mainly depend on livestock for their livelihood. As per livestock census of 1992, the district had a total livestock of 3,62,500 while it stood at 3,65,480 as per 1997 livestock census. The data contained in this chapter indicates specie wise livestock population, various livestock development programmes / achievements. Veterinary health units / sub units and veterinary personnel in this District.

CHAPTER-VII

FOREST.

Kargil District is devoid of forest in real sense being of its very high altitude. Although Forest Department has started plantation yet the public has to depend mostly on import of wood from outside the District through Forest Department. The information contained in this chapter indicates area and out-turn of Forest products timber and firewood supplied to town, Cities, Army etc. year wise right from 1995-1996 to 2008-2009.

CHAPTER-X

ELECTRICITY.

Electricity is a basic minimum need of the public and Government is committed to provide the same. Chutak Power Station with the capacity of 44MW and Iqbal Mini Hydel Project are functioning in the District to fulfill the electric need of the people. Beside this many Gen Sets are kept available in farflung area of the district. The information contained in this chapter refers to location wise type wise powerhouses with installed capacity, year wise etc

CHAPTER-XIII

INDUSTRIES AND LABOUR.

Since Kargil is border area as such there is no scope for establishment of large and medium scale industries in the District. However, there is a good scope for setting up of demand based small scale industrial units in the organized and un organized sector which can also provide employment to the trained persons in various skills / crafts being taught by the Department of Industries / Handicrafts and Handloom. This chapter gives information about various training centers being run in the District. SSI units registered and employment generated under various programmes of Handicrafts / Handloom and DIC including PMRY Scheme.

CHAPTER XIV

EMPLOYMENT EXCHANGE

Employment Exchanges generally deal with the registration of job seekers in the District and refer to the State / Central Departments on requisition according to their educational suitability or other wise for recruitment in service. The data represented in this chapter refers to number of Employment Exchanges in the District, No. of job seekers on live register and placement effected. Besides details with regard to number of cases sponsored, sanctioned and units established under State Self Employment (SSE) programme being implemented by District Employment Exchange are also indicated.

CHAPTER-XVI

EDUCATION.

Education is almost free in the J&K State in Government Educational Institutions from first to University level as compared to other states of the country. Substantial progress has been made in providing schooling facilities in rural areas of the state in general and remotest pockets in particular. The enrolment has gone up to 21415 in the year 2014-15.. Similarly Educational Institutions have also been increased from 385 in 2002-03 to 536 during 2014-15. Data regarding year wise number of Educational Institutions, Enrolment and literacy etc. has been given in this chapter.

CHAPTER-XVII

HEALTH AND FAMILY WELFARE

Health facilities both curative and preventive are being made available by the Government to the public both in rural and urban areas on the considerably improved scale. Data collected and represented in different tables in this chapter indicates number of Medical Institutions, Hospitals, bed strength, Medical Personnel, Treatment of Indoor / out door patients, operations performed etc.

CHAPTER-XXII

Road Transport

Assistant Regional Transport office Kargil established and functioned in April 2008, till then ARTO Leh was functioning for both the Districts of Ladakh Region. Now the RTO Kargil is functioning very smoothly. Since the opening of ART office the number of vehicle in the District increased tremendously which will reflect in coming year's statistics.

CHAPTER-XXIII

PLANNING

The concept of District level planning was introduced in our state during 1976-77 with a view to reduce imbalance of Economic development with special reference to remotest Districts / Regions and Pockets within the state / District by ensuring public participation in formulation of District Plans and identification of schemes / projects of public need. Since 1976-77 till date district level planning have assumed much importance and now substantial share in the total state plan is being allocated to District Plans for execution of various developmental schemes / projects within District. This chapter represents sector wise outlay and expenditure incurred under District plans in Kargil District during 2010-11
